

COMPANY HISTORY

SINCE 1940 TP PUMP HAS BEEN DEDICATED TO SERVICING THE PUMP INDUSTRY OF NEW MEXICO.

Many aspects of the business have changed since Sol Taylor first opened the door, but our core has not. Now in its 3rd generation of ownership TP Pump is firmly dedicated to helping its well established customer base, friends in the business, and fellow community members solve their most complicated pumping needs.

Since 1960 TP Pump has operated out of single location on 1824 2nd St. NW, Albuquerque, NM 87102. It is at this location where you will find a team armed with hundreds of years of combined pumping knowledge and experience, ready to help.

Over the years TP Pump has established relationships with some of the best brands in the business and can offer solutions for just about any scenario. We have complete pump lines covering the commercial, domestic, government/municipal, industrial, and fire markets.
